

# Feeling **BULLIED** by your Power Company?!

## **FIGHT BACK** with **ECO-SHIELD BLANKET**

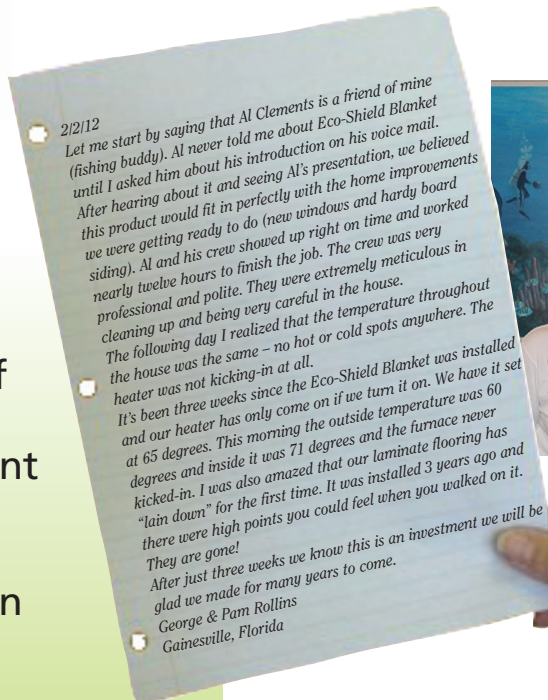

### **ECO-SHIELD:**

Eco-Shield is a thin, pure aluminum blanket installed right on top of your existing insulation that stops 97% of radiant heat transfer.

That means you can turn your thermostat up 4° degrees and feel more comfortable in your home.

It is one of the least expensive and, is the fastest break-even of any home improvement!

**STOPS OVER  
97% OF  
RADIANT  
HEAT  
TRANSFER!**
